FFCM

Frontier force christian ministries is a christian organisation that is committed to reaching out to the unreached with the message of salvation through jesus christ by establishing and then strengthening church plants. To date this ministry has pioneered nine churches amongst previously unreached communities. We also have setup an agricultural farm and a primary school to offer quality and affordable education to the rural population.

FFCM Mission Statement

"For whosoever shall call upon the name of the lord shall be saved, how then shall they call on him in whom they have not believed? and how can they believe in him of whom they have not heard? And how shall they hear without a preacher? And how shall they preach except they be sent? As it is written, how beautiful are the feet of them that preach the gospel of peace! {Rom10:13-15}

FFCM Vision

- 1-Reaching out to a lost world with the good news of Jesus Christ through planting churches in unreached communities
- 2- Strengthening existing church plants in order to realize spiritual and numerical growth.
- 3-Making disciples who will make disciples.
- 4-Showing the heart of God the father to orphans,widows,the elderly and the needy.
- 5-Setting up income generating projects to sustain the ministry .
- 6-To empower rural pastors both spiritually and physically

An Answer to prayer

As the holy spirit moved during our 2014 leaders conference as pastors Andy and Tom shared with the leaders on the 9 practices of a healthy church, such a great conviction came upon the leaders that five of them made a pledge to solemnize their marriage relationships which they faithfully fulfilled.

Praise the lord!

MADUDU HOUSE OF PRAYER CHURCH CONSTRUCTION

The church at madudu saved their tithe for more than one and half years, and used these funds towards building a permanent structure. The leadership at madudu further encouraged the believers to give sacrificially and the result was this structure that brings glory to the lord.

The church in madudu is trusting in the lord to enable us to pay what we still owe the suppliers of some of the building material used in the constructions of the building. And we still trust God to enable us to fully complete the building to meet the standards of a church of excellence.

BULABAKULU CHURCH CONSTRUCTION

New structure

Ferrying ventilators

The brethren in Bulabakulu took a step of faith and made bricks about 20000 in number. By God's providence the children of Vacation Bible school {VBS} of Hessel Church raised funds for the purchase of sand, cement, iron bars and the builder's wages. So through this partnership the structure was raised up and now awaits to be roofed. The brethren in Bulabakulu are not seated but are making more bricks that they hope to sell in order to begin raising funds towards roofing.
