

## Frontier Force Christian Ministries in Action

FFCM has had a fruitful season of ministry in Uganda. From church plants and conferences to baptisms and building projects, God continues to bless our efforts to expand the Kingdom of God in East Africa.

### New Church plant in Kasambya

Our 10th church was planted in the village of Kasambya this spring. God has already provided a plot of land in the center of the village. There are 188 homes and over 900 residents in this village.

The Kasambya House of Prayer church began with an evangelistic outreach in June of this year. Nearby Bulamu House of Prayer took the lead in planting this new church and is providing leadership training and oversight as they grow.

The chairman of the village who is a Muslim man is very supportive of the work and helped us to find a plot of land in the village center. He asked us to visit his home and pray for his family. We asked Jesus to reveal Himself to this man and his household.

---

# Conferences

Frontier Force Bible Institute continues to be an effective tool for training our pastors and leaders to "Equip the Saints For the Work of Ministry" Ephesians 4:12. We also attended a marriage conference on the shores of Lake Victoria.

FFCM Pastors and leaders discussing strategic leadership at our September session of Frontier Force Bible Institute

Married couples from Madudu House of Prayer attended a marriage conference at Lake Victoria. We plan on more marriage conferences in 2018.

## A New Church Building in Kanalaki

The church in Kanalaki village in Southern Uganda had its church building destroyed 3 times by severe storms. This year they were able to construct a solid building out of bricks with a solid foundation.

We visited Kanalaki Village on September 17 to dedicate the new church building. In Africa, a church with land and a building is viewed by the community as a commitment to a permanent presence in the village.

Kanalaki House of Prayer. All of our FFCM churches are named "House of Prayer".  
Isaiah 56:7

## 33 Baptized in the Kyerwa River

After a lively and joy filled dedication of the Kanalaki Church, we walked to a nearby river and baptized 33 believers from Kanalaki and nearby Kyerwa House of Prayer.

## Progress on Clinic in Ziobwe

Construction continues on our Medical/Dental clinic in Ziobwe. Phase 1 is nearly complete and we are praying for the resources to complete this much needed community benefit.

Thank you
